Macky Hill
I'On Design Coordinator

As the design coordinator for I'On, Macky Hill works to inspire and facilitate good design within the award-winning neighborhood by developing community patterns, consulting on new home designs and previewing all designs before they are submitted to the I'On Design Committee.

Hill holds a bachelor's degree in English from the College of Charleston, and before he began working with I'On in 1997, served as a commercial Realtor in Georgia. He also has extensive experience renovating historic homes as a hobby and often calls upon that experience in his role as design coordinator.

Hill has also served as the president of the Sertoma Club and as president of CAWS (Cooper, Ashley, Wando and Stono Rivers) Basin Focus Area, a task force that works to ensure preservation management for the rivers around Charleston. He enjoys drawing, photography, restoring older homes and cars, fishing and hunting when he is not working or spending time with his family.

A Charleston native, Hill resides in I'On with his wife, Jeannie, and their three children, Max, Charles and Ann.
